Members of JMU

The **library card** is the student ID / JMU Card, which is linked to a library account through which all library services can be managed.

Login to the library account is done via the catalog using **the library user number**, which begins with “079” and is printed on the card, for example:
07967181514

The **initial password** is your date of birth: DDMMYY (e.g., *05.08.1996 → 050896)

The **catalog** is used for literature searches, placing holds, reserving, and ordering materials. Items can be borrowed independently at the **self-checkout machines**. Non-borrowable items can only be used in the reading rooms.

The standard **loan period** is 30 days and can be extended up to two times for 30 days each via the library account. Items can be returned around the clock at **the return terminals of the Central Library**. Administrative fees apply for overdue items.

Electronic media can be used at computer workstations and within the university network. Off campus, access is possible via the university network using the VPN client or EZProxy login.

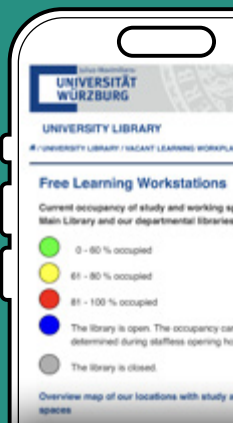

Wi-Fi

eduroam → access to the university network with a JMU account
BayernWLAN → freely available

The Würzburg University Library offers numerous study & work spaces.

Current availability can be checked online via a **traffic-light system**. Some stations as well as individual and group study rooms require a **reservation**.

Copying & printing is done using the library card, which must first be loaded with credit. **Scanning** is free of charge. A **USB stick** is required for scanning.
