East View Information Services	Russian Leading Newspapers (Public Library Edition)	This collection provides online access to Russian daily newspapers, including: Argumenty I fakty, Izvestiia, Kommersant Daily, Novaia gazeta, Rossiiskaia gazeta, and Vremia novostei. Politically, these publications range from liberal to extremist, thereby offering a balanced range of the opinions that shape the dynamics of modern Russia. For more information: http://www.eastview.com/Files/UDB-PL-Russian%20Leading%20Newspapers.pdf
East View Information Services	Russian Regional Newspapers	East View provides Russian, Chinese, and Arabic databases, print periodicals, books, and microforms (also in translation) to academic, corporate, legal, and governmental institutions. For more information: http://www.eastview.com/home.asp
East View Information Services	Russian/NIS Newswires	This database includes several outstanding sources to follow the day-to-day developments in Russia and CIS.
East View Information Services	Social Sciences & Humanities Journals	The goal of this database is to provide researchers with a unique opportunity to cross-search the contents of major Russian periodicals on social sciences and humanities. It is comprised of all 31 journals of the Russian Academy of Sciences ranging from archeology to linguistics, as well as popular literary editions, and independent scholarly publications.
East View Information Services	Ukrainian Newspapers (Public Library Edition)	The Universal Database of Ukrainian Newspapers is tailored for public libraries. This collection covers political, economic, and cultural affairs, with some archives dating to 2002. For more information: http://www.eastview.com/Files/UDB-PL-Ukrainan%20Publications.pdf
East View Information Services	Ukrainian Publications	The world's first database of newspapers and magazines of Ukraine (UDB-UKR) includes publications in Russian, Ukrainian, and English. They cover a broad range of political, economic, and cultural affairs of Ukraine. Topics include Ukraine's progress along the reform path, the view and positions of various political forces, changes in legislation, ethnic relations, and organizational trends in development of the armed forces. The database also includes news wire reports and other products of Ukrainian news agencies. An integral and unique part of this database is the Ukrainian Book Chamber's editions, which list everything published in Ukraine with detailed bibliographic description.
East View Information Services	Vestnik Evropy	One of the first literary and political journals in Russia. Together with literature and arts the journal enlightened its readers on problems of internal and foreign policy of Russia as well as history and political life of foreign countries. Nikolai Karamzin, the famous writer and historian, was its editor. The journal ceased oublishino in 1830.
East View Information Services	Voprosy istorii: Complete Collection	The oldest Soviet and Russian academic history journal, Voprosy istorii ("Issues of History") has offered scholarly perspectives on events in Russia and the world since 1926. Published by the Russian Academy of Sciences, this legendary journal covering Russian and world history was first published under the title Istorik-Marksist (Marxist Historian, 1926-1941), then Istoricheskii zhumal (History Journal, 1937-1945) and finally under the present title (since 1945). For more information: http://online.eastview.com/projects/voprosy istorii
East View Information Services	Voprosy literatury: Complete Collection	The most authoritative journal of literary criticism for more than half a century. It offers articles, essays and roundtable transcripts dealing with problems of Russian and world literature, history and theory of literature.

For more information: http://repositorio.cepal.org/
Institutional Repositories	ELEA (Universita Degli Studi di Salerno)	This collection contains the research of Elea@UniSA, the institutional repository of the University of Salemo. Materials include doctoral theses, essays, articles, and educational materials. The repository covers a wide range of academic subjects. For more information: http://elea.unisa.it:8080/jspui/
Institutional Repositories	ETDs Repository (VŠKP - University of Economics, Prague)	This collection contains the repository of Electronic Theses & Dissertations defended at University of Economics, Prague, Czech Republic (VysokĀ; Åįkola ekonomickĀ; v Praze). For more information: http://www.vse.cz/vskp
Institutional Repositories	Edinburgh Research Archive (University of Edinburgh)	This collection provides the research found in the digital repository produced at the University of Edinburgh, including theses and dissertations, working papers, technical reports, and peer-reviewed journal reprints, among other publications. Topics covered include a full range of academic disciplines. Note that the provider has excluded certain ERA theses for legal reasons. For more information: thttp://www.era.lib.ed.ac.uk/
Institutional Repositories	Fraunhofer ePrints (Fraunhofer Gesellschaft)	Fraunhofer ePrints includes the fulltext publications of the scientists of the Fraunhofer Society. The repository includes reports, dissertations, journal articles, and conference contributions. Subject matter focuses on Technology and Life Sciences. For more information: http://eprints.fraunhofer.de
Institutional Repositories	Ghent University Academic Bibliography (Ghent University)	This collection contains the repository of the University of Ghent, with the academic publications of the researchers at that university. We recommend that only subscribers activate this collection. For more information: https://biblio.ugent.be/
Institutional Repositories	Infoscience (École Polytechnique Fédérale de Lausanne (EPFL))	Infoscience is the institutional Archive of the EPFL, a database used to archive and make accessible works and scientific publications (articles, conference papers, proceedings, books, book chapters, posters, reports, etc.), produced by the researchers, faculty and students of École Polytechnique Fédérale de Lausanne (EPFL). Subject matter focuses on Engineering, Life Sciences and Technology. This collection includes only those records from the repository for which electronic full text is freely available. For more information: http://infoscience.epfl.ch
Institutional Repositories	Iowa Research Online (University of Iowa Libraries)	This collection contains the full text open access portion of the Iowa Research Online (IRO) repository. Research and scholarly output included in IRO has been selected and deposited by the faculty, researchers and students of the University of Iowa. It includes several scholarly journals, theses and dissertations, conference papers, post prints and other materials. For more information: http://ir.uiowa.edu
Institutional Repositories	Kent Academic Repository (University of Kent)	This collection contains the open access records of the Kent Academic Repository, the institutional repository of the University of Kent. For more information: http://kar.kent.ac.uk/
Institutional Repositories	LSE Research Online (London School of Economics and Political Science)	The collection contains the open access materials of the LSE Research Online collection, the institutional repository of the London School of Economics and Political Science. It contains research produced by LSE staff and doctoral students. The works span the range of the social sciences and include journal articles, book chapters, books, working papers, conference papers and other materials. For more information: http://eprinci.http.//eprinci.htm.//eprinci.htm./eprinc
Institutional Repositories	LSE Theses Online (London School of Economics and Political Science)	The collection contains the online archive of PhD theses for the London School of Economics and Political Science. It contains completed and examined theses from doctoral candidates who have studied at LSE in an open access platform. The works span the range of the social sciences. For more information: is lesthesesonline@lse.ac.uk
Institutional Repositories	LSHTM Research Online (London School of Hygiene and Tropical Medicine)	This collection contains the open access records of LSHTM Research Online, the institutional repository of research conducted by the staff of the London School of Hygiene and Tropical Medicine. Subject areas include Epidemiology, Immunology, Global Health, and more. For more information: http://researchonline.lshtm.ac.uk/
Institutional Repositories	Leeds Beckett University Repository (Leeds Beckett University)	This collection contains the records of Leeds Beckett University Repository, the institutional repository of Leeds Beckett University (formerly Leeds Metropolitan University). Some records are embargoed and require a subscription for full text access. This collection includes Leed's research database and does not include OER content. For more information: http://eprints.leedsbeckett.ac.uk/
Institutional Repositories	Leiden University Repository	This collection contains the Leiden Repository, including both the scholarly publications and the student theses of Leiden University. Where possible, the publications have been made freely accessible (open access). For more information: https://openaccess.leidenuniv.nl/
Institutional Repositories	Lirias (KU Leuven Association)	The collection contains the open access materials of the Lirias document repository which serves as the digital archive of KU Leuven Association research. The resources include articles, conference proceedings, dissertations, text reviews and book chapters and span the range of humanities, social sciences, and sciences as well as law, engineering and biomedical research. For more information: https://lirias.kuleuven.be
Institutional Repositories	Loughborough University Institutional Repository	Loughborough's IR contains over 12,000 full-text items and includes journal papers, book chapters, conference papers, theses and audiovisual material. For more information: https://dspace.iboro.ac.uk/dspace-ispui/
Institutional Repositories	MADOC Publikationsserver (Mannheim University Library)	This collection includes the materials of MADOC Publikationsserver, the institutional repository of the Mannheim University Library. Topics covered include the full range of areas of study at the university. For more information: https://ub-madoc.bib.uni-mannheim.de/
Institutional Repositories	Manchester eScholar (Manchester University)	This collection contains the research produced by the individuals and organizations affiliated with the University of Manchester. Topics covered include the full ranges of subjects studied at the university. For more information: https://www.escholar.manchester.ac.uk/
Institutional Repositories	National Chung Hsing University Institutional Repository (National Chung Hsing University, Taiwan)	The National Chung Hsing University Institutional Repository provides access and dissemination of the scholarly publications of the students, researchers, and faculty of NCHU. Subject matter covers a wide range of fields with emphasis on the sciences, engineering and agriculture. For more information: http://nchu.ii.lib.nchu.edu.tw
Institutional Repositories	ORBi (Open Repository and Bibliography) (University of Liège)	ORBi, offers the research output of the University of Liège. The repository includes scholarly articles, books, contributions to books and reference works, published and unpublished scientific papers, reports, dissertations and theses, pre-prints, and more. For more information: http://orbi.ulg.ac.be/
Institutional Repositories	OUR@oakland (Oakland University)	This collection contains OAR@Oakland, the institutional repository housing the intellectual, scholarly and creative work produced by the Oakland University Community. All materials should be open access. For more information: https://our.oakland.edu/
Institutional Repositories	Open Access LMU (Universitätsbibliothek der LMU Muenchen)	Open Access LMU is the institutional repository of the Universitaetsbibliothek der LMU Muenchen. It contains over 13,000 Open Access publications produced by the faculty and staff of LMU and its cooperative institutions. The publications span the range of subjects, including Mathematics and Computer Science, Medicine, Management and Marketing, Medicine and the Geosciences. They include monographs (in full or in part), and chapter contributions from compilations or anthologies, journal articles, conference papers, presentations and lectures. For more information: http://epub.ub.uni-muenchen.de/help/index.html
Institutional Repositories	Opus: Online Publications Store (University of Bath)	This collection contains Opus, the research repository of the University of Bath. The repository showcases the research publications of those affiliated with the University of Bath, from all departments, in a full range of academic disciplines. For more information: http://opus.bath.ac.uk/
Institutional Repositories	PUCRS Institutional Repository (Pontifical Catholic University of Rio Grande do Sul)	The PUCRS Institutional Repository is maintained by the Pontifical Catholic University of Rio Grande do Sul, in Porto Alegre, Brazil. The online, open access repository serves to preserve, share, and provide access to the academic and cultural digital production, of the PUCRS academic communities. Content emphasizes science, engineering, and biomedical research. The repository includes articles, conference papers, books, book chapters, theses, dissertations, technical reports, artwork, as well as institutional documents.
Institutional Repositories	Portal de Revistas PUCP (Pontificia Universidad Catolica del Peru)	This collection contains the Portal de Revistas PUCP, the journal articles published by the members of the community at the Pontificia Universidad Catolica del Peru. All materials should be open access. For more information: http://revistas.pucp.edu.pe/
Institutional Repositories	ROAR (University of East London Repository)	This collection contains ROAR – Research Open Access Repository, the institutional repository of open access publications at the University of East London. As a research archive, it contains the scholarly work created by members of the university community in all fields. Some recent publications may be embargoed. For more information: http://roar.uel.ac.uk/

Provider	Ressource	Beschreibung
Institutional Repositories	Repositori Digital de la UPF (Universitat Pompeu Fabra)	This collection contains the repository of digital documents resulting from the academic and research activity of the UPF. It includes journals, theses, working papers, articles, presentations at conferences, seminars and congresses, teaching material, and other literature produced by the teaching and research staff of the UPF. Other institutional publications (annual reports, briefs, speeches, lectures, etc.) are also included. All materials should be open access. For more information: http://repositori.upf.edu/ajuda

JSTOR	Archival Journals: Ecology & Botany 2	This collection builds on Ecology & Botany I and adds coverage in the areas of biological and plant sciences. It contains key titles from institutions around the world, including Royal Botanic Gardens, Kew; Naturhistorisches Museum; Societ? Italiana di Patologia Vegetale, Ecological Society of America, and International Association for Plant Taxonomy. For more information: http://about.jstor.org/content/ecology-botany-ii
JSTOR	Archival Journals: Health & General Sciences	This collection features historical scientific journals and top publications in the health sciences, offering published scientific research dating as far back as 1665. It includes publications of the Royal Society of London, which extend back to the 17th century, and Proceedings of the National Academy of Science, which dates from the early 20th century. Titles in nursing and epidemiology are also available. There is no overlap with any Arts & Sciences Collection or the Biological Sciences Collection. For more information: http://about.istor.org/content/health-general-sciences
JSTOR	Archival Journals: Hebrew Journals	The Hebrew Journals Collection includes titles published primarily in Hebrew. The journals are drawn from organizations such as the Bialik Institute, the World Union of Jewish Studies, and the Israel Antiquities Authority. This interdisciplinary collection covers areas such as Jewish Studies, Language & Literature, and Archaeology. For more information: http://about.istor.org/content/bebrew-journals
JSTOR	Archival Journals: Iberoamérica	This collection is a multidisciplinary collection of journals published within or about the libero-American world. Iberoamérica includes every journal on JSTOR that is published primarily in Spanish or Portuguese. In addition, it features titles (published in any language) that focus on Latin American studies, as well as journals that are published in Latin America, the Caribbean, Spain, and Portugal. It includes current journals as well as archival titles dating back as far as 1924. Some titles have moving walls of between 1 and 10 years. Titles span Business, Economics, History, Political Science, Language & Literature, and Latin American studies. For more information: http://about.istor.org/content/becam%C3%A9rica
JSTOR	Archival Journals: Ireland	This collection, developed in cooperation with Queen's University Belfast, is interdisciplinary. It includes some journals with moving walls between 1 and 5 years and ceased journals from the 18th, 19th, and 20th centuries. Monographs and manuscript pages will also be included. The collection offers titles and resources across the arts, humanities, and sciences in disciplines such as music, art, history, literature, archaeology, mathematics, and biology. The content is international in scope, while also providing a rich focus on Ireland. For more information: http://about.istor.org/content/ireland
JSTOR	Archival Journals: Jewish Studies	This collection features journals covering historical and regional aspects of Jewish Studies. Content dates back to 1889, and includes titles in English, German, French, Dutch, Italian, and Hebrew. Publications of the Association for Jewish Studies, Rabbi Isaac Elchanan Theological Seminary, Hebrew Union College, Rabbinical Council of America, and the National Association of Professors of Hebrew are included. For more information: http://about.istor.org/content/jewish-studies
JSTOR	Archival Journals: Language & Literature	The titles in this collection span the literary cultures of many different countries, containing articles in several languages, including Arabic, Italian, and German. Developed with the help of the Modern Language Association, the collection includes a range of journals in the fields of literary criticism. This collection overlaps in part with Arts & Sciences I and Arts & Sciences III. For more information: http://about.istor.org/content/language-literature
JSTOR	Archival Journals: Life Sciences	This collection comprises JSTOR's largest collection of journals in the field sciences, and broad coverage of the health sciences. Disciplines include aquatic science, botany, developmental & cell biology, ecology, paleontology, and zoology. For more information: http://about.jstor.org/content/life-sciences
JSTOR	Archival Journals: Mathematics & Statistics	This collection collection brings together many titles in the mathematical and statistical sciences from other JSTOR collections. The titles in this collection overlap with Arts & Sciences I, II, IV, and VII, as well as with the Business and Health & General Sciences Collections. For more information: http://about.istor.org/content/mathematics-statistics
JSTOR	Archival Journals: Mathematics & Statistics Legacy	This Mathematical & Statistics option collection brings together selected titles in the mathematical and statistical sciences from other JSTOR collections. The titles in this collection overlap with Arts & Sciences I, II, IV, and VII, as well as with the Business and Health & General Sciences Collections. For more information: http://about.jsto.org/content/jstor-title-lists.
JSTOR	Archival Journals: Music	This collection contains the complete back runs of many titles dedicated to scholarly research and theory in the field of music. It includes journals published in the Netherlands, Croatia, Hungary, Germany, and France. Every title in the Music Collection is also available as a part of Arts & Sciences III. For more information: http://doubut.jstor.org/content/music
JSTOR	Archival Journals: Music Legacy	The Music Legacy Collection contains complete back runs of selected titles dedicated to scholarly research and theory in the field of music. For more information: http://about.jstor.org/content/istor-title-lists
JSTOR	Archival Journals: Religion & Theology	This collection covers the history and philosophy of religious thought spanning traditions, periods, and critical approaches. Drawn exclusively from existing JSTOR Arts & Sciences collections, it contains more than 80 current and archival titles some dating back over 100 years. The collection supports religious studies research as well as scholarship in archaeology, literature, and philosophy. Content includes the general study of religion and theology, as well as clusters in Christian studies, Judaic studies, Islamic studies, and African and Asian religions. It includes journals published in the United States, the United Kingdom, the Netherlands, Germany, and Italy. For more information: http://about.jstor.org/content/religion-theology
JSTOR	Books	The scholarly books offered by JSTOR cover disciplines ranging from Business & Economics to Sociology. For more information: http://about.jstor.org/content-on-jstor-books
JSTOR	Books: Open Access	JSTOR Books Open Access offers Open Access books from various publishers. All customers are encouraged to activate this collection. For more information: https://about.istor.org/whats-in-istor/books/open-access-books-istor/
JSTOR	Current Journals	JSTOR's Current Scholarship Program or 'Current Journals', enables libraries to subscribe to complete runs of titles in the JSTOR Archive Collections. Most titles in the Archive Collections have a moving wall embargo and most publishers of these titles host their own most recent issues. However, some publishers allow JSTOR to deliver the full run of a title, including the most recent issues. In order to access the full run, a library must subscribe to both the Archive Collection housing the title, and the title within the Current Scholarship Program. Primo Central customers with an active subscription to any CSP title should activate this collection. For more information: http://about.istor.org/content-on-istor-current-journals

Policy documents included: presidential directives, internal memos, diplomatic dispatches, meeting notes, independent reports, briefing papers, White House communications, email, confidential letters, and other once-classified material. U.S. Policy in the Vietnam War, Part I: 1954-1968 includes classic and relatively well-known documentary sources as well as the most recent declassified materials on the Vietnam conflict. The collection consists primarily of documents from the White House, National Security Council, State Department, Defense Department, and other federal agencies involved in policy-making on the war in Southeast Asia. It also features detailed reporting from the field as well as analysis from the Central Intelligence Agency, the Defense Intelligence Agency, American embassies overseas, U.S. regional military commands, especially the Military Assistance Command Vietnam (MACV), and the uniformed military services. There are also certain documents from foreign sources, including the governments of South Vietnam, North Vietnam, the Soviet Union, China, the United Kingdom, and others. For more information: http://www.prcquest.com/en-US/catalogs/databases/detail/dnsa.shtml ProQuest is migrating this collection from the Chadwyck-Healey platform (nsarchive chadwyck-Com) to the ProQuest platform. If your institution's subscription has migrated, activate the ProQuest version and deactivate the Chadwyck-Healey version.

Wikimedia Foundation	Wikipedia, The Free Encyclopedia	Wikipedia is a free, collaboratively edited Internet encyclopedia supported by the non-profit Wikimedia Foundation. Its 22 million articles (over 4 million in English alone) have been written collaboratively by volunteers around the world. Almost all of its articles can be edited by anyone with access to the site, and it has about 100,000 regularly active contributors. It has become the largest and most popular general reference work on the Internet, ranking sixth globally among all websites on Alexa and having an estimated 365 million readers worldwide. It is estimated that Wikipedia receives 2.7 billion monthly pageviews from the United States alone.
Wolters Kluwer Health, Ovid Technologies	Lippincott Williams & Wilkins - Journals	This collection offers Lippincott Williams & Wilkins' journals on medicine, nursing and bioscience. Coverage is similar to Ovid's LWW Total Access Collection. For more information: http://journals.lww.com
Wolters Kluwer Law & Business	Kluwer Law Online Journals	Kluwer Law Online (KLO) is Kluwer Law International's online platform for electronic journal, looseleaf, and other content. This resource includes journal articles. Subscribers have the option of purchasing individual articles. For more information: For more information: For more information; thete/www.kluwerlawonline.com/index.php?area=Journals
World Scientific Publishing Co.	World Scientific Books	This collection contains the books for the World Scientific Publishing Co., which present such fields as nanotechnology, biomedical science, computational science, materials science, medical science, file sciences, banking and finance, and business management.
